

Zentek Announces Normal Course Issuer Bid

written by Raj Shah | May 24, 2023

May 24, 2023 ([Source](#)) – **Zentek Ltd.** (“**Zentek**” or the “**Company**”) (NASDAQ:ZTEK)(TSXV:ZEN), announces that, subject to regulatory approval, it will conduct a normal course issuer bid (the “**Bid**”). The Bid will be for up to 4,979,349 common shares of the Company over a period of one year (the “**Bid Period**”), being approximately 5% of Company’s issued and outstanding common shares of the Company’s issued and outstanding common shares, with up to 1,991,739 common shares of the Company purchasable over any 30-day period within the Bid Period, being 2% of Company’s issued and outstanding common shares. The Bid Period will commence on June 1st, 2023, and will continue until the earlier of May 31st, 2024, or the date by which the Company has acquired the maximum number of common shares which may be purchased under the Bid.

Management believes that the market price of the Company’s common shares may not fully reflect the value of its business and future prospects, and as such it believes that purchasing its own common shares for cancellation is an appropriate strategy for increasing long-term shareholder value. The purchases will be made through the facilities of the TSXV, and the price at which the Company will purchase its common shares will be the market price of the shares at the time of acquisition. The Company has appointed Integral Wealth as its broker to conduct normal course issuer bid transactions.

About Zentek:

Zentek is an ISO 13485:2016 certified graphene technology

company focused on the research, development, and commercialization of graphene-based novel products seeking to give our commercial partners a competitive advantage by making their products better, safer, and greener.

Zentek's patented technology platform ZenGUARD™, is shown to have 99% antimicrobial activity and to significantly increase the bacterial and viral filtration efficiency of both surgical masks and HVAC systems. Zentek's ZenGUARD™ production facility is located in Guelph, Ontario. Zentek's patent pending ZenARMOR™ technology platform is focused on corrosion protection applications.
