Frédéric Dugré on why H2O Innovation's Q3 2021 Financial Results were "the best quarter ever announced"

written by InvestorNews | May 25, 2021

In a recent InvestorIntel interview, Tracy Weslosky speaks with Frédéric Dugré, President and CEO of H2O Innovation Inc. (TSXV: HEO | OTCQX: HEOFF) about how H2O's Q3 2021 financial results provided "…the best quarter ever announced" and why "…water is the right space to invest in".

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), Frédéric also discusses the significance of H2O winning two new projects and four contract renewals in North America and how they are positioned to potentially benefit from President Biden's US$111B water infrastructure plan. Further to his Q3 2021 update, Frédéric provides an update on how H2O has increased efforts in the North American water reuse market and is continuing to expand in Latin America. With 7 financial analysts following H2O, Frédéric shares more on how the ESG investment community benefits from investing in clean water.

About H2O Innovation Inc.

H2O Innovation designs and provides state-of-the-art, custom-built and integrated water treatment solutions based on membrane filtration technology for municipal, industrial, energy and natural resources end-users. The Corporation's activities rely

on three main pillars. The first one is ***Water Technologies and Services*** and includes all types of projects as well as digital solutions (Intelogx™ and Clearlogx®) to monitor and optimize water treatment plants. H_2O Innovation's second pillar, ***Specialty Products***, includes a complete line of maple equipment and products, specialty chemicals, consumables and specialized products for the water industry, through H_2O Innovation Maple, PWT, Genesys and Piedmont. The Corporation is now exporting his specialty products in more than 75 countries. Finally, H_2O Innovation operates, maintains, and repairs water and wastewater treatment systems, distribution equipment and associated assets for all of its clients and ensures that water quality meets regulatory requirements, through the third pillar – ***Operation and Maintenance***. Together, they employ nearly 470 employees for the operation of more than 275 utilities in two Canadian provinces and twelve US states, mainly on the US Gulf coast, Southeast, Northeast (New England) and the West Coast.
